

Don't
forget

Semi improvised
piece
for
bassoon and
live electronics (stereo)

March 2010
Sonia Paço-Rocchia

This is a semi improvised piece of 7-12 minutes

Needs

- the Max/msp patch
- Apple Mac with stereo sound interface
- Behringer FCB1010 or other midi foot controller
- TELEX or other bassoon pick-up
(screwed into the bassoon's crook)

Electronics

light harmonizer

again

a bit more harmonizer

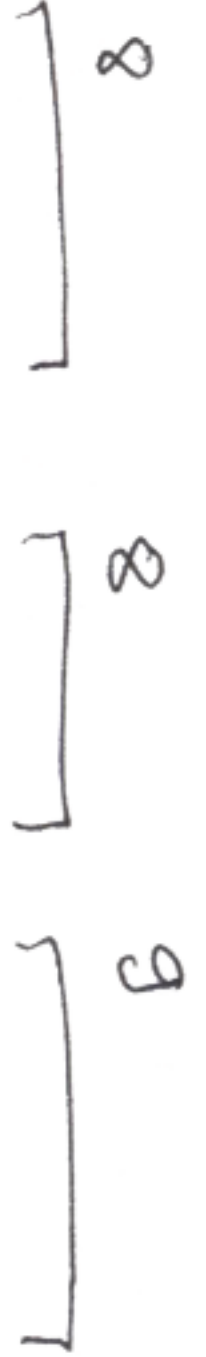

quite intense harmonizer

+ loops

pedal

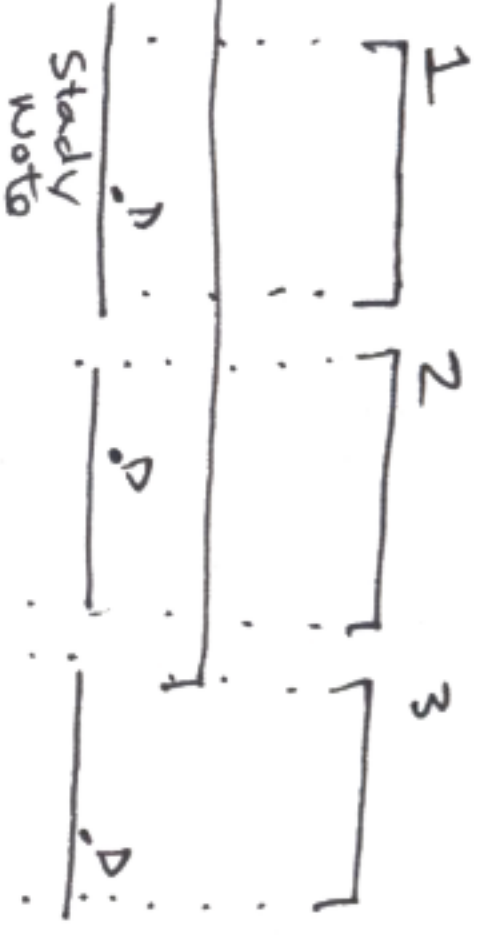

Bassoon

"don't forget" slows there

10

Energetic contradiction

Electronics

loops

+ rhythmic harmonizer

harmonizer

"in the clouds"

whole tone harmonies

pedal

Bassoon

developed "don't forget" slows there

Rhythmic low notes

bassoon only

"don't forget" slows there (short)

long notes

(quite high)

wind in the reed
